

19th June 2026

HEB/tmi

Dear Parents/Carers,

The long-awaited summer weather has finally arrived, and we are fortunate to be enjoying some very warm temperatures.

As we move into next week, please ensure that your daughter brings a water bottle to school each day so that she can stay well hydrated.

To help your daughter stay comfortable in the heat, she does not need to wear her jumper and may choose to have her shirt untucked if she wishes.

For PE lessons, your daughter may find it more comfortable to wear just her PE top rather than her PE hoodie. If she would like to bring her hoodie, please ensure that she wears her PE top underneath so that the hoodie can be removed easily if she becomes too warm.

Thank you for your support in helping your daughter stay comfortable and ready to learn during the warmer weather.

Kind regards

Mrs H Barnes
Headteacher
